Mr. Oravec,

Thank you so much for participating in Candidate Screening with the Realtors of Saint Lucie. Our goal is to foster good relationships and maintain a working dialogue with both elected officials and those who are seeking to serve the public. We hope the session was as informative for you as it was for us, and we appreciate your candor and willingness to take time out of a busy campaign to sit down with us and discuss issues that matter to the homeowners of Saint Lucie County.

After a careful process of deliberation and a thorough analysis of each candidate's qualifications, history, and proposals, we have decided to support your candidacy for Port St. Lucie Mayor. We will be recommending to our membership that they vote for you if they are eligible, and promoting your candidacy in our internal and external communications. We will also be providing financial support; we'll contact you soon to give you the details of what our 11,000+ member organization can do to help you win.

We feel that your vision is the right one to advance the interests of the homeowners and citizens of our area, and we look forward to helping you win this seat and put your ideas into action.

Thank you Again!

Sincerely,

Staci A. Storms
