Letter: Oravec clear choice to be Port St. Lucie's next mayor

I have recently had the pleasure of joining Greg Oravec's campaign team because I feel he is the most qualified candidate for mayor of Port St. Lucie.

I have lived in PSL for 15 years and have tried to remain informed as to city politics. I believe the city is headed down the wrong road with current leadership.

Oravec brings leadership, integrity and most importantly a firsthand knowledge of city functions, having spent time as city manager.

He knows what is needed to get our city back on track to prosperity and improve our quality of life.

Educate yourself on each candidate for the office. Make an informed decision when you vote, and that vote should be for Oravec as mayor.
